\* **Certified** this industrial training is organized on real time live Elish Consulting's client projects. A Project Manager will be assigned to applicant and applicant is expected to abide the team culture and will be considered as part of Project team during tenure. In case of Elish Client's projects, Candidates will need to sign and honor a non-disclosure agreement. However, Candidate will be allowed to submit a project report to their Institutes after they finish their assignments. This type of courses is best suited for applicants who are passed out or in their 2<sup>nd</sup>, 3<sup>rd</sup> or final year of their courses and are looking for an entry level job. In cases when there is a cost involved in set up and hosting new innovative technologies, Students may be asked to pay for it and honor a non-disclosure, copyright and bond agreement. Please send an email to [info@elisheducation.com](mailto:info@elisheducation.com) for a specific queries and questions.

\*\* **Privileged** Elish Education, partners with top IT Companies like Oracle, IBM, SAP for online technological trainings and leading Educational service providers. Webinars are scheduled on timely basis, and students are registered for online webinar sessions.

\*\*\* **Premium** Elish Education, also offer Instructor-led training courses in Technology Institutes and/or Elish Education Company premises. Please note that, if educational service provider is from US or UK, webinars are arranged at one common place and seats may be limited.
