* **Fresher** - This type of courses is best suited for applicants who are passed out or in final year of their courses and are looking for an entry level job. When there is a cost involved in set up and hosting these new cutting edge innovative technologies, Students will be asked to pay, honor a non-disclosure, copyright and bond agreement.

Candidates will be asked to pay for their training during their tenure; however, their placement/job appointment will start on day 1 of their joining.

A Project Manager will be assigned to applicant and applicant is expected to abide the team culture and will be considered as part of Project team during tenure. Candidates are expected to finish their assignment in given time, else will not be allowed to proceed to next phase of training and Lab sessions.

On Successful completion of this placement program, Candidate would be guaranteed a job with Elish or their partners or Clients.

** **5+ Years' Experience** This type of courses is best suited to applicants who have 5+ years of experience and looking to advance their career.

** **8+ Years' Experience** This type of courses is best suited to applicants who have 8+ years of experience and looking to advance their career in management and consulting area.
